Freelance/ Branding and Design Consultant, Photographer
July 2021 - Current
savannahkofton@gmail.com

Freelance

- Used the adobe suite
- Created original logos, websites and business cards based on a color palette and general idea given by clients
- Worked closely with client to approve all prototypes in a timely manner, both virtually and in person
- Took photography behind the scenes and for editorials using interesting and modern design concepts to broaden the company or artist's design language
